Connect2: Bangladesh
Amount received £280.00

Dear Friends at St James,

Thank you for your donation to Connect2: Bangladesh. The money you have raised will help communities across Bangladesh make a living from small businesses such as vegetable cultivation, shrimp and duck rearing and will help families be prepared when disaster strikes – as it does all too often in this low-lying country prone to flooding.

News came to us recently of just such an emergency, when a tidal surge hit the village of Kainmari. Water poured into many homes and destroyed some of the community's livelihood projects such as shrimp ponds.

Thanks to training from our partner, Caritas Bangladesh, many families were well prepared.

"I hoisted a flag in front of my shop so that people were aware about the flood warning," reports Pobitra, who lives in Kainmari. "I moved dry food up away from the danger zone. I protected the fish in my shrimp farm with net surrounding the pond. So when the water came the fish weren't washed away. By the grace of the almighty God, I have managed to protect my pond."

We believe that everyone deserves the opportunity not only to survive but to flourish. The support you are giving to communities like Kainmari is turning this vision into reality.

The people of Kainmari would like to thank you for your generosity, support and friendship. They regularly send updates, photos and messages, which you can see on the Connect2: Bangladesh blog here: cafod.org.uk/connect2bangladesh.

With very best wishes,

Tom O'Connor
Director - Communities and Supporters
