

I am Marcus and I was asked to write to you. I read all your letters and found them all very intriguing. I am ten years old and currently living in Bromley. We do not get any Cyclones here although it does rain most of the time.

My hobbies are football swimming and tennis. My head is full of questions and I would like to ask you some. Is it hard work running tea shops, shrimp gardens and your own families? How small are your houses? I have so many questions I could go on for a year.

In my family I have a thirteen year old sister, a mum and a Dad. I go to school at Saint James school and I am extremely excited about Secondary school as I am in year six and I will therefore be leaving soon.

I passed my Kent test, which is a test you take to see what school you are going to go to, and I did very well. I find out what school I go to in March.

My Best friends are Mark, Luke and Cameron. My dream is to be a pilot and to fly important people from place to place. I am a Christian in addition to this I go to church every Saturday and I have also heard some of you are Christians too.

I would love it if you could answer all my questions and maybe I could find out a bit more about you.

I found finding out about your village astounding and I certainly learnt a lot.

From Marcus Day.

Hello, St James Parish are linked with your country and we have been asked to write to you.

Earlier this morning, we read some information, sent by CAFOD, about Kanmari. I would like to tell you about my life as a Catholic. I attend St James RC primary school where our class learn intriguing new facts every day. Although sometimes it is hard work, I really enjoy it. Throughout the term, St James go to mass every few Wednesdays where we reflect and ~~our~~ are penitent.

Bromley is where I live. Hurredily, I run home after school for my dinner (after homework). I live with my mum, dad and little sister. My dad is an accountant and my mum is a teacher. I hope to follow in their steps one day. Occasionally, I like to have my friends over although we end up talking ~~and~~ incoherently.

Like your country, we enjoy playing sports. I myself prefer football. However, I play lots of other sports aswell such as: hockey, a little bit of cricket; tennis and cross country running. On the other hand, musicality is also a hobby to me. I play the guitar and sing in the school choir. On the academic side I enjoy reading and writing.

One day, I would like to be a professional sports player and I hope you live up to your ~~ambition~~ ambition too. It has been a pleasure writing to you!

From Caitlin,
